

SCENARIO: FLOODED CARPARK

Saturday, 15 May 2004

Storm & Water

Training article for discussion by your storm and flood damage crews. Given the photos supplied in the article, print them out and discuss what you would do.

Scenario:

- Flooded carpark, two cars surrounded in water
- Burst water main outside property flooded carpark.
- More heavy rain forecast in 5 hours.

Discussion:

- Can your crews do anything?
- The water is off now to the main that burst. What could have you done to prevent the flooding?
- Will pumping the water out help the cars?
- What do you tell the owners to do to help dry out their cars?
- What about the rain coming? Can it be pumped out in time? Is it worth it?
- What type of damage may be caused to the building?
- Do basement carparks have drains?
- Have you done a job like this before?
